## **Real Property Administration**

## **Designer Evaluation Form**

Evaluation as to the project:

Design Phase

Standard an evaluation of Designer performance during design & bild using this SBC-07 form. This evaluation is Designer to realize the level of standard expected by the SBC. The evaluation is in 10 parts; with each part rating of Above Standard, Standard, or Below Standard. Comments explaining each rating are provided appropriate.    **Text	Rating Scale:		Purpose:				
1. Program Phase; facilitated defining of project time, funding, site, scope, and function. 2. Schematic Design Phase; site analysis, design concepts, and schematic drawings. 3. Design Development Phase; production of fully developed design concept and cost estimate. 4. Construction Documents Phase; production of complete and accurate bidding documents. 5. Bid Phase; performance in soliciting bids, req'd addenda, receiving bids, and pursuing award. 6. Accuracy and detail of cost estimate; estimate was in alignment with bids received. 7. Adherence to the overall design & bid schedule; no inordinate delays brought about. 8. Adherence to the overall project program objectives; kept within the project bounds. 9. Supervision of Consultants' performance; ensured their prescribed duties were met. 10. Working relationship with Capital Projects Management, user agency, & regulatory officials.  Evaluator: Signature  1. Program Phase; facilitated defining of project time, function.  2. Schematic Design Phase; site analysis, design concepts, design concepts, design concepts, design project program objectives; kept within the project bounds.  2. Program Phase; step analysis, design concepts, design concepts, and fully developed design concepts, design and concepts, and schematic design concepts, design and concepts, and schematic design concepts, design and concepts, and schematic design concepts, design and concepts, design and concepts, design and concepts, and concepts and concepts and concepts and concepts and concepts, design and concepts, design and concepts, design and concepts and c	② Standard ① Below Standard		Upon design & bid completion for a State Building Commission project of this type, this office is required to provide an evaluation of Designer performance during design & bid using this SBC-07 form. This evaluation is for the Designer to realize the level of standard expected by the SBC. The evaluation is in 10 parts; with each part given a rating of Above Standard, Standard, or Below Standard. Comments explaining each rating are provided, when				
time, funding, site, scope, and function.  2. Schematic Design Phase; site analysis, design concepts, and schematic drawings.  3. Design Development Phase; production of fully developed design concept and cost estimate.  4. Construction Documents Phase; production of complete and accurate bidding documents.  5. Bid Phase; performance in soliciting bids, req'd addenda, receiving bids, and pursuing award.  6. Accuracy and detail of cost estimate; estimate was in alignment with bids received.  7. Adherence to the overall design & bid schedule; no inordinate delays brought about.  8. Adherence to the overall project program objectives; kept within the project bounds.  9.
